

## **Saddle Peak Properties, LLC. is excited to announce our new online payment system!**

Making payments to your HOA, COA, or TOA shouldn't be complicated. We have gotten a lot of feedback from owners in our Associations about the previous payment processing company we were using and we want to let you know that we hear you and want to make the payment aspect of your Association membership as easy as possible. We are hopeful that in partnering with ZEGO by Paylease that many common issues we have been facing with our online payments are resolved and the experience of setting up a one time or recurring payment by ACH or Credit/Debit card is easier to manage. We apologize for the inconvenience you may face in having to make this change, but we do think it will be worth it! **All recurring payments currently set up with our office, whether done online or if they were arranged over the phone with one of our staff will be canceled by July 31, 2022**, as both methods use the same billing program that we will be moving away from. If you are in a monthly association your August dues will not be deducted from your card or account if you do not contact us to get a new recurring payment set up. And if you are in a quarterly association your 4th quarter dues will not be deducted from your card or account if you do not contact us to get a new recurring payment set up. We are very hopeful this will be a positive change and encourage our members to utilize this new payment system. While there is still the same small processing fee for this service here are some of the benefits:

- ZEGO is connected to Saddle Peak Properties billing software, any payment made with ZEGO will post directly to your account with us. No more worrying that your payments will be lost in the mail. Cut out the middleman and avoid human error to make sure your payment always makes it directly to your account in a timely manner.
- No more writing checks! For about the price of a check, envelope and stamp you can pay through ZEGO without the fears listed above.
- ZEGO has responsive customer service that can help if something does happen. If your check gets lost in the mail or deposited incorrectly it can be extremely difficult if not impossible to get answers. With ZEGO's great customer service you always have support when making payments or if you need help with managing your account.
